

The website features a header with the NASA Langley Library logo and navigation links for About, Services, Find, Apps, History, Visit, and Search. Below the header, it displays hours (Monday-Friday, 9:00am-3:00pm), location (Building 1268A, Room 2109), and phone number (757-864-2356). A main section titled "Bulletins, Scoops, and Researchers" shows a collage of historical newsletters like "Langley Researcher" and "Viking Lands on Mars". It includes sections for Books, Journals, Documents, Reports, Standards, and Images. Below this are links for the GALAXIE Library Catalog, Ask-A-Librarian, and Library Request System. A "Popular Resources" section lists partners like AVIATION WEEK, WILEY, Science Direct, ARC, O'REILLY, and AIP. A "New & Noteworthy" section highlights books such as "We Could Not Fail", "Katherine Johnson", "MAKING SPACE for WOMEN", "SKUNK WORKS", and "Never Panic Early". A "Photo Archives" section features the Central Langley Image Collection (CLIC) with images of historical aircraft and people.

We make knowledge of the universe
universally known.

About the Library

For over a century, the NASA Langley Library has been a source of scientific and technical information for Langley's research community. Although the name of the Center has changed over time, the Library's commitment to providing support for Langley programs, projects and research has remained constant. Today, our dedicated staff of information professionals is here to assist you in finding answers and directing your research.
